WASHINGTON : 2022

LETTER OF TRANSMITTAL

THE WHITE HOUSE, July 11, 2022.

To the Senate of the United States:

I transmit herewith, for the advice and consent of the Senate to its ratification, the Protocols to the North Atlantic Treaty of 1949 on the Accession of the Republic of Finland and the Kingdom of Sweden (the “Protocols”). The Protocols were signed in Brussels on July 5, 2022, on behalf of the United States and the other Parties to the North Atlantic Treaty. Also transmitted for the information of the Senate is an overview of the Protocols by the Department of State. Full ratification of the Protocols will allow Finland and Sweden to become Parties to the North Atlantic Treaty and members of the North Atlantic Treaty Organization (NATO).

Article 10 of the North Atlantic Treaty, which outlines NATO’s Open Door policy, is part of the doctrinal foundation of the Alliance. It states that Allies may, by unanimous consent, invite any other European State in a position to further the principles of the Treaty and to contribute to the security of the North Atlantic area to accede. As further explained in the reports on the accession of Finland and Sweden to NATO, transmitted to the Congress on May 19 and July 1, 2022, in light of section 3(2)(E) of the Resolution of Advice and Consent to Ratification of the Protocols to the North Atlantic Treaty of 1949 on the Accession of Poland, Hungary, and the Czech Republic of April 30, 1998, Finland and Sweden more than meet these qualifications. They will be net contributors to the Alliance, in both capabilities and resources, and they share critically important values with the United States. Finland’s and Sweden’s accession will help further United States priorities within NATO.

I ask the Senate to continue working with my Administration in advancing a strong and free Europe by providing its prompt advice and consent to ratification of the Protocols. We are encouraging all Allies to act expeditiously in their own ratification processes as well, given current global considerations. My Administration stands ready to brief and assist you in your deliberations.

JOSEPH R. BIDEN, Jr.

LETTER OF SUBMITTAL

DEPARTMENT OF STATE,
Washington, July 6, 2022.

The PRESIDENT,
The White House.

I have the honor to submit to you, with a view to its transmittal to the Senate for advice and consent to ratification, the Protocols to the North Atlantic Treaty on the Accession of the Republic of Finland and the Kingdom of Sweden (“Protocols”). A brief Overview of the Protocols is also enclosed. The Protocols were opened for signature at Brussels on July 5, 2022, and were signed that day on behalf of the United States of America and the other parties to the North Atlantic Treaty.

The Protocols propose allowing Finland and Sweden to become parties to the North Atlantic Treaty of 1949, which would make them members of the North Atlantic Treaty Organization (NATO) with all the privileges and responsibilities that apply to current NATO Allies. The core commitment to Finland and Sweden will be embodied in the existing text of the North Atlantic Treaty, including the central collective defense provision in Article 5. I believe Finland and Sweden merit this commitment on our part, that they share our common commitment to democratic values, and are prepared to act as responsible Allies.

Finland and Sweden will be net contributors to the Alliance, and it is in the national interest of the United States to support them strongly and publicly. They are vibrant democracies and capable military partners. Their foreign policies are underpinned by a commitment to the rules-based international system, human rights, democracy, peace, freedom, and equality in all international activities. Their commitment to the principles of the North Atlantic Treaty, location on the Baltic Sea, dynamic economies, military strength and interoperability, proven record of contributing to NATO operations, historical experience with Russia, and High North capabilities will make them assets to the Alliance.

The accession of Finland and Sweden to the North Atlantic Treaty and their membership in the NATO Alliance will advance U.S. priorities within the organization and across the region. I therefore request that the Senate grant its advice and consent to ratification of these Protocols, after due deliberation, without hesitation.

Respectfully submitted,

ANTONY J. BLINKEN.
