

Communiqué of the Chairperson of the AUC regarding the Israeli-Palestinian war.

7 October 2023, Addis Ababa: The Chairperson of the Commission of the African Union, Moussa Faki Mahamat, expresses his utmost concern at the outbreak of the current Israeli-Palestinian hostilities, causing grave consequences for the lives of Israeli and Palestinian civilians in particular, and for peace in the region, in general.

The Chairperson wishes to recall that denial of the fundamental rights of the Palestinian people, particularly that of an independent and sovereign State, is the main cause of the permanent Israeli-Palestinian tension.

The Chairperson urgently appeals to both parties to put an end to military hostilities and to return, without conditions, to the negotiating table to implement the principle of two States living side by side, to safeguard the interests of the Palestinian people and the Israeli people.

The Chairperson further calls on the international community, and the major world powers in particular, to assume their responsibilities to impose peace and guarantee the rights of the two peoples.
